**Westland:** Please make sure to contact the program if you know your person served will be missing a day. We appreciate it.

## **Now Hiring: Direct Support Professionals Accepting applications at all CEO Empowerment Centers**

Creative Empowerment Opportunities is seeking competent and caring staff, to provide services for adults with intellectual and physical disabilities as well as those with mental illness in a community empowerment center. Instructors may work in the facility, instruct in classroom settings (teaching daily living skills etc.), in the community or job coaching. The job duties do include all aspects of direct care, transporting people in large vans, daily data collection and documentation and assigned cleaning duties. *If you are a group home staff, that would like to pick up some extra hours on your day off, or if you are a family member or friend who knows of somebody looking for work, then feel free to apply! What a wonderful opportunity to make a difference in someone's life!*

For more information regarding employment with CEO, you may call any of the CEO Empowerment Centers at the numbers listed in the newsletter, or you can contact Stephanie Hess, Training Supervisor at 586-569-4250 or email her at [stephanie.hess@creativeemployment.net](mailto:stephanie.hess@creativeemployment.net)

## Cold Weather Safety

Winter in Michigan is a celebrated season despite the extreme drops in temperature posing Dress warmly and stay dry: Be sure to dress in layers in wind resistant clothing. Wool, silk or polypropylene inner layers will hold more body heat than cotton. If your clothing is wet, go inside as soon as possible. When inside, remove the wet clothing as soon as possible.

- **Avoid exertion:** Cold weather can put extra strain on the heart. If you have heart disease or high blood pressure, follow your doctor's advice about shoveling snow or other hard work in the cold. The body is already working hard to stay warm, so extra work can cause an overload.
- **Cover exposed skin:** Always wear a warm hat that covers ears, gloves or mittens that cover the full wrist, and a scarf or ski mask to protect face and neck.
- **Be Safe During Recreation:** Notify friends and family where you will be before you go hiking, camping, or skiing. Avoid perspiring or becoming overtired. Be prepared to take emergency shelter. Pack dry clothing, a two-wave radio, waterproof matches and paraffin fire starters with you. Do not use alcohol and other mood altering substances and avoid caffeinated beverages. Carefully watch for signs of cold-weather health problems. It is important to be aware of any changes in exposed skin during cold weather periods.

Frostbite and hypothermia are very serious conditions that may be prevented or slowed down by early recognition and treatment. Shivering can be a good indicator that it's time to go in, as it is the first sign that the body is losing heat. If you are caring for an infant or senior citizen, be sure to frequently check that their homes are adequately heated. If heating is not at a safe level, making alternative housing arrangements is recommended.

Frostbitten skin is hard, pale, cold and has no feeling. When the frostbitten skin is in warm air, it will become red and painful. Very severe frostbite can cause blisters, gangrene (blackened dead tissue), and deep tissue damage in tendons, muscles, nerves and bones.

Hypothermia is a life-threatening condition that is caused by short exposure to extreme cold or long exposure to mild cold. Symptoms of hypothermia include trembling, stiffness of muscles, puffiness in the face, poor coordination, confusion, and low consciousness and reactivity.

If you suspect frostbite, hypothermia or other complications surrounding extreme weather, seek emergency medical care immediately.

Please remember to dress appropriately for the weather conditions. Winter Weather is here! Please make sure to dress in warm coats, hats, gloves, scarfs and boots, once that temperature starts to drop. We want to ensure that everyone is safe and that includes cold weather emergencies as well! Layer for Warmth during the Winter Months! Thank you!
